the *right choice*
with **TRILOGY.**

Endless Possibilities

Trilogy pools are built exactly to your specifications. Choose from dozens of shapes and an endless list of stunning finishing touches to create your unique Trilogy pool.

Design your pool by selecting from a wide variety of colors, water features, designer tile, and lighting options making your backyard a beautiful extension of your home. Your vision, your pool.

Extend Your Swimming Space

Trilogy's modularity gives you options no other pool manufacturer does. Select your basic pool configuration, then incorporate features that will extend your recreation and relaxation options.

Add a tanning ledge and multiple spillways, perfect for lounge chairs, kids' play area, or shallow water sunbathing. Include a spa to take advantage of your fabulous views.

Your Pool, Your Way

Innovative Options

Trilogy will help you make your dream backyard a reality. We're here to help you create a pool that is as beautiful to view as it is to use, a perfect combination of swimming pool, deck, tile, water feature, and water color. The HydroStone finish is available in six exciting colors specifically designed for swimming pool applications.

Designed to Your Specifications

No matter which Trilogy pool, you'll always have several customization options. Choose from several spa shapes. Make it a spillover or stand alone. Add jets or keep it simple. Designer tile adds another dimension to the beauty of your pool.

Enhancing your Trilogy pool with a water feature is always enticing, whether it's simple deck jets or a rambling, soothing waterfall. Finish your beautiful pool with perfect color-coordinated return fittings and skimmer covers that match your HydroStone surface finish. The choice is up to you!

No matter which Trilogy Pool, you'll always have these customizing options:

Customizable Features

Spas

Choose from several spa shapes. Make it a spillover-or stand alone. Jet it out, or keep it simple. The choice is always up to you!

Tile

Adds another dimension to the beauty of your pool. Work with your builder to find the right tile for your pool. The options are endless!

Water Features

Whether with simple deck jets, or a rambling, soothing waterfall, enhancing your Trilogy Pool with that extra zing is always enticing...

Color Coordinated Fittings

You can't truly enjoy one of our 6 HydroStone® surface finishes without having color coordinated return fittings and skimmer covers too. Finish your beautiful pool with perfect fittings!

Beauty and Safety

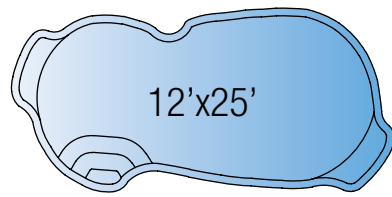

A Trilogy fiberglass pool can be combined with an Automatic Safety Cover to provide complete protection for your family and your investment. It not only provides peace of mind, but provides ongoing heating and energy savings.

An automatic safety cover keeps dirt and debris out of your pool, reduces evaporation of water as well as consumption of chemicals. The automatic choice for safety, savings and convenience all at the touch of a button.

Modern, Innovative Beauty

ICC Certified

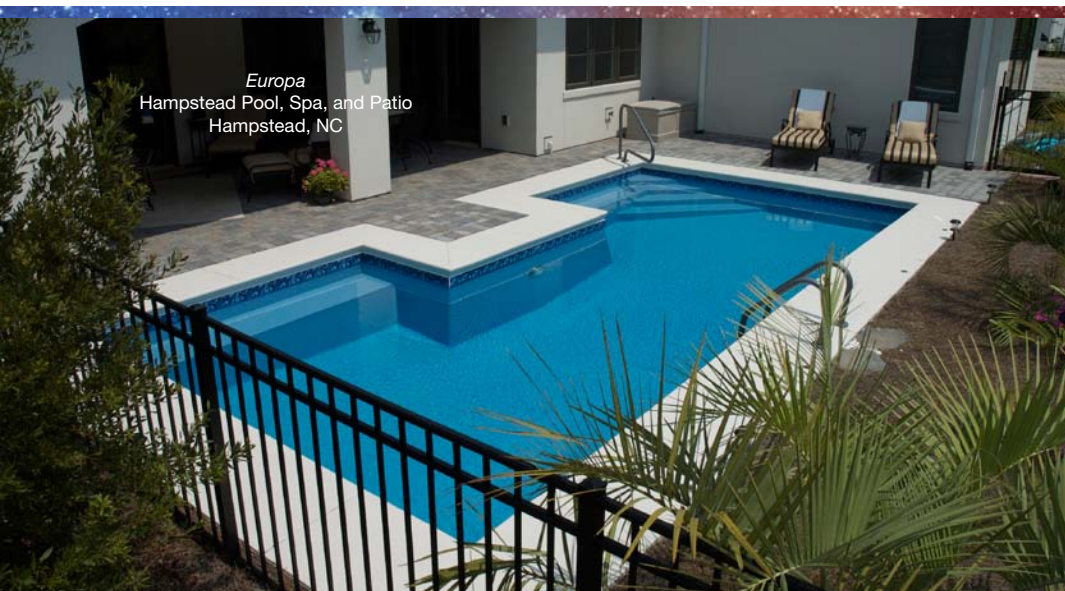

Only the highest quality products receive the ICC-ES stamp of approval. Trilogy fiberglass pools are one of them.

Relax, have a pool party, swim laps till your hearts content, then rest easy knowing your Trilogy pool is code-compliant and meets US and international construction and safety standards.

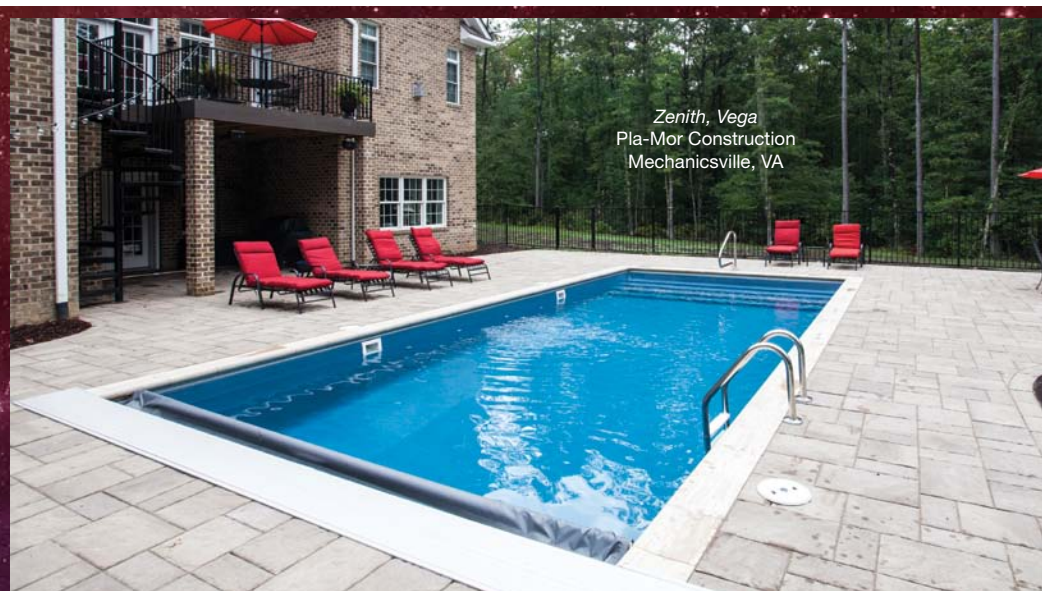

Modern Technology

A Trilogy fiberglass pool strategically utilizes the highest grade materials, including top quality resin, gel coat, and flexural fiberglass. This durable material is the same that is used in automobiles, yachts, and even space shuttles.

With all of the advantages, it's obvious why informed homeowners like you are choosing fiberglass—the modern, innovative solution.

Safety Covers

Trilogy has Models That are **AUTO COVER READY!**

Atlas | Fortitude | Gravity | Helios | Horizon | Hubble | Odyssey | Polaris | Sirius | Spectrum | Zenith

Automatic Safety Covers

**Everyday protection for your family...
at the touch of a button!**

Simply flip a switch, and your Latham automatic safety cover will create a barrier over your pool that no child or pet can penetrate. Custom-built to fit your pool perfectly and manufactured from best-in-class materials, Latham has the best protection available for your family and your pool investment!

Save on heat, water, electricity and chemicals.

An auto cover acts as passive solar heater, increasing the temperature of your water by 8 to 10 degrees. It also reduces evaporation of water as well as consumption of chemicals. Less time cleaning... more time enjoying!

**POOL COVER
SPECIALISTS**

We make it strong. We make it easy.
COVERSTAR

CoverLogix
ADVANCED SAFETY COVER SYSTEMS

Manual Solid and Mesh Safety Covers

Safety you can rely on!

Latham offers mesh safety covers for maximum drainage and solid safety covers that block 100% of sunlight – in a variety of material weights and colors. All can be custom designed to fit any size or shape pool precisely, including any special features such as raised walls, jump boards, stairs and rails.

We make it strong... to keep your family safe!

The stronger the cover, the safer the cover. Latham applies exclusive, patented design and manufacturing innovations to give our mesh and solid safety covers unmatched strength and durability. And, because we build them better, we back them better... with our exclusive 20-year warranty!

Finishes

Homeowners deserve the peace-of-mind that comes from knowing their swimming pool is built with the best materials—to the highest standards—providing years of trouble-free enjoyment.

For over 17 years Trilogy Pools has offered the best finishes available in the composite and swimming pool industry. Already a market leader with state-of-the-art research and development capabilities, Trilogy continues to develop new surface technologies. The result of its continued drive for excellence: HydroStone, the most beautiful and durable finish ever.

HydroStone pushes pool surface technology to the next level. HydroStone is a proprietary blend of engineered based resins combined with the highest performing colored particles available. In addition to its superior durability, independent lab testing reveals that HydroStone provides unsurpassed:

- Blister-Resistance
- Fade-Resistance
- Chemical-Resistance
- Anti-Yellowing
- Protection from the Long-Term Effects of UV Exposure

The HydroStone finish is available exclusively through Trilogy Pools. It is not available through any other fiberglass swimming pool manufacturer.

Choose the best the industry has to offer—Choose HydroStone...Choose Trilogy.

Durable

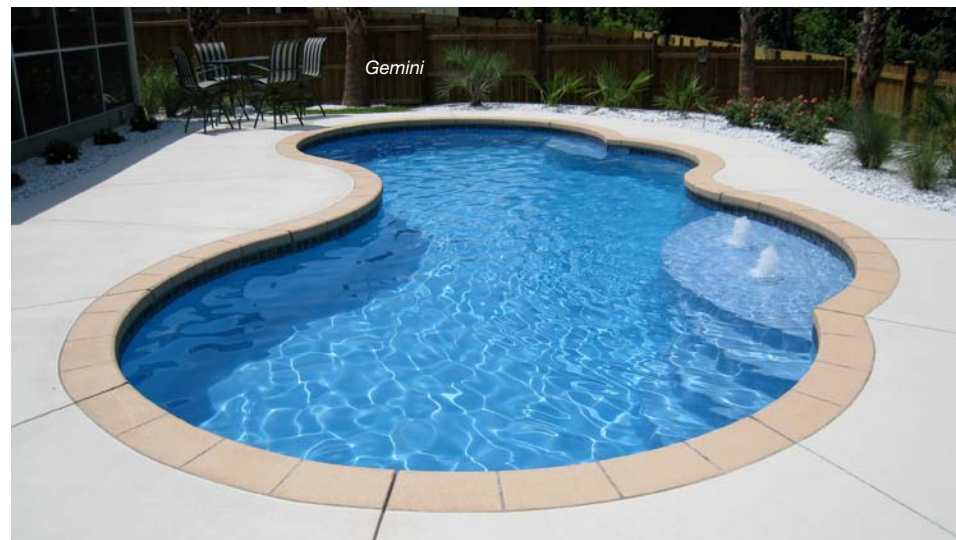

There is no product available today that surpasses the performance of HydroStone. With a unique blend of base resins coupled with the highest performing colored particles available, HydroStone excels at fade-resistance, anti-yellowing, blister-resistance, and protection from the long-term effects of UV exposure.

Beautiful

The HydroStone finish is available in six exciting colors specifically designed for swimming pool applications. Only Trilogy Pools offers these beautiful pool finish colors.

Innovative

In our drive for excellence, we develop and test new materials. Over the past 17 years Trilogy has pursued new product innovations and surface finish technologies. After exhaustive testing, the result—HydroStone™.

Low-maintenance

HydroStone has the look of high-end “pebble” finishes without all of the maintenance. This finish gives Trilogy Pools a stunning visual texture combined with a smooth and maintenance-free surface.

Best Value

Choose HydroStone as the finish for your swimming pool. You deserve the peace of mind that comes with knowing that your pool was built with the very best the industry has to offer.

Printed representation of HydroStone colors will vary from actual pool finish. Contact your pool vendor to see physical color samples.

Carefree Maintenance

With minimal maintenance and no need for resurfacing like concrete pools, a Trilogy fiberglass pool is the smart choice for saving both time and money.

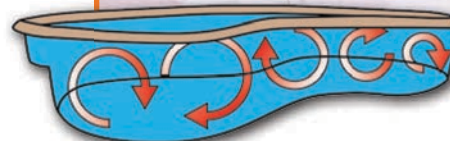

The smooth, easy-to-clean surface inhibits algae growth, requiring less cleaning and scrubbing with harsh chemicals. For about 30 minutes of upkeep a month, you can enjoy a backyard oasis that's truly rejuvenating!

In-Floor Cleaning and Circulation System

Maintaining a clean, healthy, warm pool is easier and more affordable than ever with Trilogy Pools and the X-tream Klean™ Deluxe system, which provides chemical distribution and heat savings.

X-tream Klean™ Deluxe:

- Cleaning heads on the floor, steps and seats.
- A debris canister next to the skimmer catches large debris.

The Best in Materials and Manufacturing

Trilogy Pools partners with the best resin suppliers in the United States, and selects the best raw materials available.

Our quality control system ensures that your pool will be durable and beautiful. We can tell you the day your pool was built, the shop conditions, the glass technicians, the lot and batch numbers of your resin, and even retain a piece of your pool in our files—FOREVER! Take a look at the actual manufacturing process and you'll see why a Trilogy Pool equals Peace of Mind!

Limited Lifetime Warranty

When purchasing a swimming pool, there are a few things that simplify your decision to purchase from one company or another. One of them is the warranty. How good is it? Who stands behind it? And will that company stand behind it when something unexpected happens?

The Trilogy Limited Lifetime Warranty is the result of many years experience building thousands of swimming pools for families across the nation. When you purchase a Trilogy Pool, you can be assured that we stand behind our limited lifetime ownership warranty.

Some of the Highlights of Your New Trilogy Limited Lifetime Warranty:

- Quality Control Documentation Packet kept on file forever!
- Limited Lifetime Structural Warranty
- Limited Lifetime Surface Warranty

Some might call this Overkill; we call it Peace of Mind!

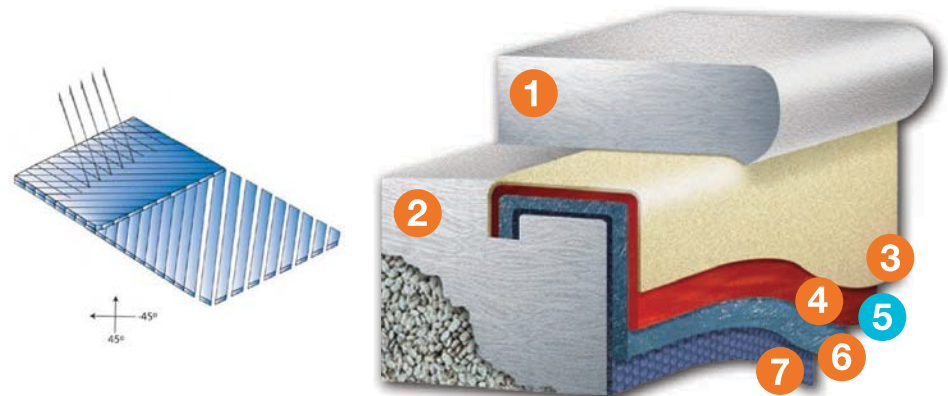

High Performance

The unique look and unmatched durability of our pools are a direct result of our manufacturing process. It includes taking over 60 measurements during pool construction and providing a comprehensive quality report that includes a retained sample from every pool we manufacture. This process enables the highest quality that can only be assured through meticulous recording. Once the manufacturing is complete, you've got a pool that is as durable as it is beautiful.

Trilogy pools are extremely easy to maintain. Many come with advanced electronics, remote control features and simplified operating procedures. You'll have time to enjoy your pool, while spending only minimal time looking after it.

Our Manufacturing Process Uses the Highest Quality Composite Resins and Gel Coats in the Industry

- 1. Coping Options:** Brick, Concrete, or Stone Coping provides an elegant and durable finished edge around your Trilogy Pool®.
- 2. Interlocking Bond Beam:** The Bond Beam is formed when concrete from the deck is poured around and up next to the coping of the pool. This step structurally ties your deck to the outside of the swimming pool shell.
- 3. HydroStone/Gelcoat:** Whether you choose one of our 6 beautiful HydroStone finishes or white gelcoat, you are assured of maintenance-free durability for years to come.
- 4. Vinyl Ester Resin:** This layer protects the finish of your pool and provides extreme resistance to even the most corrosive chemicals.

- 5. Bimax Radius Reinforcement:** Trilogy pools are reinforced with biaxial e-glass technology. The lightweight glass fiber enhances strength and increases chemical resistance.

- 6. General Purpose (GP) Resin:** This structural layer provides the rigidity needed for transportation and installation of the swimming pool.
- 7. Woven Roving GP Resin:** This 24 oz. woven glass cloth is the final laminate for a Trilogy Pool. The glass cloth encases the entire pool in a network of fiberglass. The end result is a swimming pool with outstanding structural integrity.

Trilogy has been recognized by the American Composite Manufacturing Association (acmanet.org) for outstanding achievement:

- Excellence & Innovation Award for operations
- The ACE Award for outstanding open molded product, the highest award in the composites industry.

Safety Information

IMPORTANT: A number of very important items that are essential for the safe use of your pool may not be visible in many of the photographs, either because of perspective or camera angle, or because they were removed for photographic purposes. These items include; but are not limited to:

1. Safety ropes, which should remain in place at all times;
2. “No Diving” signs, which are provided and should be installed in accordance with instructions included on the coping, where they are clearly visible;
3. An area sign is provided and must be permanently and conspicuously affixed in the pool area where all users can see it;
4. Necessary means of exit and entry into the pool;
5. Fencing with a self-latching gate and/or an automatic cover, and other barriers that can assist in preventing unsupervised access to the pool by children;
6. Approved drain covers and other devices to protect against suction entrapment;
7. Minimum required inlets and returns to ensure proper water circulation;
8. Appropriate inpool lighting if the pool will be used after dark.

All of these devices should be installed in accordance with manufacturer's instructions, ANSI/NSPI or ANSI/APSP or ANSI/APSP/ICC standards, as well as state and local statutes and codes.

Diving boards and slides require minimum depths and distances and must only be installed and used in strict compliance with the equipment manufacturer's specifications and ANSI/NSPI or ANSI/APSP or ANSI/APSP/ICC standards. If the pool is labeled by us as NON-DIVING, then diving equipment may not be installed and any such equipment must be removed before the pool is used.

Smart pool owners always think safety first. They take specific steps to ensure that their family, friends and guests are knowledgeable about the safe and sensible use of their pool. They also:

- ensure that their pool is never used unless there is adequate supervision;
- ensure that their pool is kept in good repair and is not used when there is a missing or broken drain cover or other component;
- ensure that ALL CHILDREN using their pool are supervised constantly;
- that anyone under the influence of alcohol, drugs or stimulants that would impair their abilities or judgment does not use the pool;
- ensure that their pool is protected by appropriate barriers to unsupervised entry including fencing with self latching gates, covers, alarms, etc.

To assist you, a number of very important items of safety literature are included with each pool and also available upon request. We must insist that you read each item carefully and follow its instructions.

These are:

- Pool Owners Safety Handbook
- APSP “Sensible Way” Book
- Limited Lifetime Warranty
- “Children Aren’t Waterproof” Book
- “No Diving” Label
- Warning Label
- Use and Care Manual
- Safety Sign Installation / Illustration Sheet
- Signs and Labels

Make sure your builder supplies you with all of the safety information that accompanies your pool and installs the enclosed warning stickers and area sign where they can be clearly visible to all who use the pool. It's also a good idea to contact your local American Red Cross for available CPR classes and other vital safety programs.

Working with Your Builder

You've made the excellent decision to purchase a Trilogy Pool.

Now comes the next step: finding a pool contractor to work with. We can help! Simply go to our website, trilogypools.com, find the builder locator and fill out the questionnaire. The valuable information you provide will be presented to builders in your area who will contact you directly. They can review your pool project, answer your questions, and give you a proposal.

Next step: start designing your dreamscape!

Testimonials

Trilogy Pools manufactures pools of top quality. Their team of professionals is highly experienced, offers great technical support, and great customer service—before, during, and after the sale. I highly recommend Trilogy Pools.

—Steve Clements, *Pla-Mor Construction*

Over our seven year association with Trilogy Pools, we could not be more pleased. They've been receptive to our special requests and we've moved forward together with many innovations that have strengthened our business and theirs. I heartily recommend your consideration of this company to improve and expand your business.

—John Anderson, *Anderson Pools & Spas*

This was the first time we had built a pool. We, naturally, faced a lot of unknowns and worries. The Trilogy Team took every concern away.

When I say "team," I mean exactly that. They worked together for us. Each facet was explained clearly. Every element was carried out in a professional manner. It was, in short, from ideas to implementation, a totally satisfying experience. And, do we ever love our pool! Thank you, Trilogy!

—Cecelia and Flavil V., *Tennessee*

I want to thank you very much for your time and patience in assisting us in the pool installation process. I know how difficult it can be to please customers, being in the remodeling business. The pool has turned out better than I could have imagined. Thanks again and we look forward to working with you in the future.

—Robert M., *Virginia*

The Brock family wants to say "thank you" for a job well done, for making our backyard pool dream a reality. It has proven to be one of our best investments ever.

Thank you for the initial emails and phone contact. It gave us the information to begin our pool ownership journey. Your knowledge and vision have provided us with a backyard we actually use. It is our oasis. Our pool, spa, firepit and entertaining area are beautiful additions to our home. We are proud to share our Trilogy pool with our family and friends.

—Diana and Chuck B., *Virginia*

It is nice to have products that truly rise above the competition. The innovation and technology that Trilogy brings to the pool industry stands alone. We feel fortunate to be aligned with their outstanding company.

—Mark Clark, *Clark & Sons Pools. Inc., Missouri*

NOTICE AND DISCLAIMER: Trilogy Pools ("Trilogy") manufactures fiberglass swimming pools, spas, and related accessory items. Trilogy distributes its products through independent builders, contractors, dealers, and/or installers (the "Builders"). The relationship between Trilogy and each of the Builders is an independent contractor relationship. Builders shall never be deemed or construed as an employee, owner, joint venture, or agent of Trilogy. No Builder has any authority of any kind or nature whatsoever to enter into any contract or agreement binding upon Trilogy, or any partner or affiliate of Trilogy. Trilogy has no responsibility or liability whatsoever for or with respect to any persons performing any services on the part of any Builder. Trilogy's obligation concerning pools manufactured by it is EXPRESSLY LIMITED to Trilogy's Limited Lifetime Warranty. The limited lifetime warranty offered by Trilogy is separate and apart from any warranties offered by the Builder. Trilogy specifically DISCLAIMS any liability for work performed by the Builder, intentional or negligent acts of the Builder, Builder omissions, and/or any damage caused by negligent acts of the Builder. Trilogy Pools, 2017.
